- Must also meet requirements for admission to Linfield College
 Some coursework may be in progress while applying if minimum application requirements have been met

NOTES:

1. Transfer students must complete the application process located at <https://www.linfield.edu/portland/admission/application-calendar.html> between **November 15, 2018 and February 1, 2019** to apply for the **Summer or Fall 2019** cohorts. Students taking classes during the fall of 2017 should wait until after fall grades have been posted to their transcript before applying.
2. Transfer students must complete the application process located at <https://www.linfield.edu/portland/admission/application-calendar.html> between **June 1, 2019 and August 1, 2019** to apply for the **Spring 2020** cohort. Students taking classes during the spring of 2019 should wait until after spring grades have been posted to their transcript before applying.
 - After reviewing applications from currently enrolled Linfield students, remaining spaces in a cohort will be available to transfer students; admission is competitively based on GPA (3.00 minimum for all prerequisite courses, 3.00 minimum for science prerequisite courses, 2.67 minimum for anatomy & physiology prerequisite courses with no more than one repeat considered), completion of the mandatory prerequisites, and application.
3. Courses must be at least 3 quarter credits to be used towards fulfillment of the Linfield curriculum. Courses in which a "D" grade has been earned at Chemeketa ("C-" if grading system includes pluses and minuses) will not transfer to Linfield. A total of 125 semester hours are required for graduation from Linfield College.
4. One quarter credit is equal .67 semester credits, i.e. 3 quarter credits = 2 semester credits.
5. Linfield Curriculum courses must be completed to graduate from Linfield. These courses may be taken at Linfield, but you're encouraged to complete most of these prior to transfer.
6. The requirements for the RN to BSN transition program offered to Chemeketa nursing students are different than the requirements into the traditional pre-licensure BSN program. Please see an advisor for further details.

Transfer Credit and the Linfield Curriculum

- Students must have 62 semester credits (93 quarter credits) of transferable coursework complete prior to beginning the program. Courses may be completed at any regionally accredited community college or university. Official evaluation of all transfer credit will be made after admission and confirmation into the program. Please be aware that, generally, professional/technical courses will not transfer. Repeated courses (that is, courses with the same content) will only transfer once. Students who have questions about the transferability of any coursework should contact admission-portland@linfield.edu.
- A minimum of 3 semester credits or 5 quarter credits is required to complete the INQS requirement.
- Students entering Linfield with fewer than 30 transferable semester credits must complete INQS at Linfield.
- Students entering Linfield with at least 30 credits may need to provide documentation that transfer course(s) fulfilling similar learning outcomes to INQS were taken after high school graduation or, if taken before high school graduation, that the course(s) were taken in a regular college setting.
- Students who enter Linfield having earned an associate degree designed for transfer (e.g., Associate of Arts Oregon Transfer degree (AAOT), Associate of Science Oregon Transfer degree in Business (ASOT-B)), will be required to take at most two lower-division Linfield Curriculum courses from two of the following four categories: Ultimate Questions (UQ), Vital Past (VP), Global Pluralisms (GP) and U.S. Pluralisms (US). In addition, students with an earned associate degree for transfer must take the upper-division Mode of Inquiry and the writing-intensive course(s) within the major. Students entering Linfield with an earned associate degree (for transfer) will be considered to have met the INQS requirement.
- No more than two courses from any one department may be counted towards the Modes of Inquiry and Diversity Studies components of the Linfield Curriculum. For the purposes of the Linfield Curriculum, Sociology and Anthropology are considered to be the same department.
- A minimum of 3 semester credits or 4 quarter credits is required to complete each Mode of Inquiry and Diversity Studies requirement.
- No Mode of Inquiry or Diversity Studies course will be considered complete for graduation purposes without the submission of an Exemplar.
- The Major Writing-Intensive (MWI) Course is typically completed at junior or senior level.
- A minimum of 125 semester hours is required for graduation from Linfield. Thirty semester hours must be completed at Linfield, including 20 of the last 30. In addition, 15 credits in the major (and 10 credits in a minor, if applicable) must be completed at Linfield.
- A minimum cumulative Linfield GPA of 2.00 is required for graduation; students must also earn a minimum cumulative GPA of 2.00 in courses required for the declared major(s) and minor(s) unless otherwise specified by individual departments.

Application for financial aid should be mailed between January 1 and March 1 for fall term to receive priority consideration. Applications will be available December in Chemeketa's Financial Aid office or Advising and Counseling Center.
