Baccalaureate Core Curriculum (BACC Core) and the College of Liberal Arts Requirements

Students can complete the Associate of Arts Oregon Transfer Degree (AAOT) to fulfill the BACC Core at OSU (see last page in this advising guide for pathway). The AAOT is not required to transfer, but if you choose to complete just *some* of your first 90 credits at Chemeketa, choose from courses written in the BACC Core Advising Guidelines below to align with their required courses. Students can transfer up to 124 credits to OSU.

Students majoring in Art at OSU must also take the College of Liberal Arts requirements (also listed below). BA in Art requires 2 years of a language. BFA in Art with options in a) Studio Art or b) Photo and Digital Studio require BACC Core only. (Courses from your major department may not be used for this requirement)

Application for financial aid should be completed between October 1 and February 1 for fall term to receive priority consideration. Applications will be available January in the Chemeketa Financial Aid and Counseling offices.

Students are encouraged to apply for admission at the same time they apply for aid, and send a second Chemeketa grade transcript once final grades are posted. OSU Admissions application deadline for transfer students is May 1.
